GREETING FROM THE CHAIRMAN OF ORGANIZING COMMITTEE

The 1st International Conference and Expo on Halal, State and Society in Asia Pacific

Bismillahirrohmanirrohim
Assalamualaikum Wr Wb

It is a great pleasure for me to welcoming you at the International Conference and Expo on Halal, State and Society in Asia Pacific. This conference was organized by the Center of Research and Development for Halal Products, State Islamic University, Syarif Hidayatullah, Jakarta. We hope all of you will be happy living in Jakarta, although, Jakarta is currently undergoing improved facilities and infrastructure to become a more comfortable city

As we know, Today, Halal is a global phenomenon no longer just associated with religion. The Halal label has become a symbol for good quality and wholesomeness. It is an emerging market force, that attracts not only for Muslims but also becoming a lifestyle of choice for non-Muslims. The major growth in Asia-Pacific has been driven by improved living standards due to higher income with the largest contributors to the halal market. Halal products have entered into various areas of human life, such as, food, beverage, medicine, cosmetics, consumer goods, fashion, Innovation Industry, business, banking, tourism, hotel, restaurant, hospital etc.

On the other hand, the implementation of the Law of Halal Product Assurance No. 33 year 2014, at the beginning of 2018 coming in the territory of Indonesia. Where there will be a major change for halal certification, from a previously voluntary provision, will become mandatory for halal certification for products made domestically and foreign products that will enter the territory of Indonesia. Therefore, there will be many interactions and issues of halal certification for products : food, medicines, cosmetics, consumer goods etc on Indonesian products and overseas products, so this conference is very strategic and needs to be implemented on an ongoing basis every year. The conference will discuss various halal sectors, so this conference will contribute to the many progress and development of halal products in the future, not only for Indonesia and Asia Pacific but also for the world.

I would like to say special thanks to our invited speaker that will share their expertise, knowledge and experience to us. I express my gratitude to the Rector and LP2M State Islamic University Syarif Hidayatullah, Jakarta, with full dedication to support the implementation of this conference. Thank you very much to all members of steering and organizing committee for their cooperation and hard work for the success of this conference and many thanks to sponsors who contributed to the success of this event

Jakarta, 21st October 2017

Sincerely,

Dr. Muhammad Yanis Musdja, M.Sc

**FOREWORD FROM RECTOR, STATE ISLAMIC UNIVERSITY, SYARIF
HIDAYATULLAH, JAKARTA**

Bismillahirrohmanirrohim,
Assalamualaikum Wr. Wb

Honoured guests, distinguished speakers, participants, ladies and gentlemen

On behalf of the great family of the State Islamic University (UIN), Syarif Hidayatullah, Jakarta. I the university's rector, say welcome and congratulations to all of you who participate in the International Conference & Expo on Halal, State and Society in Asia Pacific, held on the 21st-22nd October 2017, at Grand Sahid Jaya Hotel, Jakarta.

We encourage nurturing our best and brightest minds to take a multidisciplinary approach to both understand essential Islamic values and gain technical knowledge across various fields. We see our institution, State Islamic University (UIN), Syarif Hidayatullah, Jakarta as one of the keys to realizing this. Because our institution, UIN Jakarta is under the Ministry of Religious Affairs or MORA and MORA, has been trusted by government, and the Indonesian Society, to implement the Law of Halal Product Assurance No. 33 Year 2014. As we know, the main mission of this law is to change for provision of Halal product certification from a voluntary to be a mandatory basic for that reason. UIN Jakarta will support any effort from various aspects to make the implementation of the Law Halal Product Guarantee, No. 33 Year 2014, Successful.

The position of the State Islamic University, Syarif Hidayatullah, Jakarta today is significant as it provides a platform for scientists, researchers, scholars and academicians to share and exchange their research findings, identifying emerging technologies and addressing issues and challenges within all of Halal fields, such as: Halal food & Beverages, Halal medicine & cosmetics Halal industry, Halal economy, Halal regulation, Halal Certification, Halal Standardization, Halal tourism, Halal restaurant, Halal hotel, Halal slaughtering, Halal logistic, Halal supermarket, etc.

We sincerely hope that presenters and participants of this conference will be able to produce insightful analysis and fruitful discussions that led to valuable programs and thoughts for the ummah, nation, and state.

Billahit Taufiq wal hidayah
Wassalamualaikum Wr. Wb.

Prof. Dr, Dede Rosyada
Rector, UIN Syarif Hidayatullah Jakarta.

ABSTRACT

Indonesia is now entering a national emergency situation towards sexual violence and abuse against children to which children's sexual violence issues is increasing yearly. Indonesian Children Protection Commission (KPAI) shows data that since 2013 have occurred more than 3.200 cases of violence on Indonesian children, 50% of them is sexual violence of children cases specifically on sexual abuse (children's outrage). In 2011, there was 329 cases, in 2012 happened 746 cases, in 2013 it also happened 590 cases, and 2014 it increased to 1217 cases in which in total of 2882 cases happened. Anal sex against children, outrage and pedophilia, in the year of 2011 had occurred 160 cases, in 2012 happened 173 cases, in 2013 also increased 184 cases, and in 2014 occurred 263 cases and in the year of 2017 increased to 1.726 cases of sexual violence on children. The objective of this research is to define personality representation on children pre-sexual violence and post-sexual violence as well as traumatic effects on children that have experience of sexual violence. The research took place in Bekasi City, West Java, Indonesia. Research methodology used in this research is Qualitative method in which by measuring children's personality with Graphic Scale. The result of graphic shows that children's personality as victim of sexual violence have introvert character with impact. after experiencing KSPA, they also severely traumatic effect, this is supported with information from parents who also claimed that children tended to be depressed and academic achievement was decreased in which the result of intelligence measurement was done on children with KSPA condition. The Conclusion of this research is derived that children with KSPA have introvert personality and experiencing an severely traumatic effect that need psychological therapist treatment.

Keywords : Sexual violence, Introvert, Personality, Children.
