 - Subject:** [jmfms] Article Review Request from Journal of Mathematical and Fundamental Sciences (MSID:14430)
 - Date:** Wed, Jan 20, 9:37 AM
 - Body:**

I am writing behalf of Journal of Mathematical and Fundamental Sciences as Chief Editor. This journal has a multidiscipline scope as follows: Astronomy, Chemistry, Earth Sciences (Geodesy, Geology, Geophysics, Oceanography, Meteorology), Life Sciences (Agriculture, Biochemistry, Biology, Health Sciences, Medical Sciences, Pharmacy), Mathematics, Physics, and Statistics.

Because of your substantial expertise related to the manuscript, "Docking Studies and Molecular Dynamics Simulation of Compounds Contained in Kaempferia Galanga L. to Lipoxigenase (LOX) for Anti-inflammatory Drugs" (MSID:14430), I would like to ask a favor for your assistance in determining whether the above-mentioned manuscript is appropriate for publication in Journal of Mathematical and Fundamental Sciences.

External reviews are the single most important element in critically evaluating a manuscript and we almost invariably follow the advice of the Reviewers. We particularly value the identification of routine work unlikely to be of interest to the community, in order to prevent its publication in the Journal. The submission's abstract is inserted below, and I hope that you will consider undertaking this important task for us.

Please login into the journal web site by 2021-01-27 to indicate whether you will undertake the review or not, as well as to access the submissions and to record your review and recommendation. The web site is <http://journals.itb.ac.id/index.php/jmfms>. If you cannot login because limited internet connection, you can reply

 - Body:**

Dear Yeni Yeni,

We have reached a decision regarding your submission to Journal of Mathematical and Fundamental Sciences, "Docking Studies and Molecular Dynamics Simulation of Compounds Contained in Kaempferia Galanga L. to Lipoxigenase (LOX) for Anti-inflammatory Drugs" (MSID:14430).

Our decision is: Revision Required.

If you are able to correct the paper taking into account all of the points raised in the referees' report, I would be willing to arrange for the paper to be reviewed again. Revisions should be submitted within 30 days.

Besides the referees' report as attached in this email, see also the "Reviewer Uploaded Files" in the journal's website to read the additional comments from reviewers (if any).

When submitting your revised paper, please include a separate document that carefully addresses the issues raised in the reviewer's comments, point by point. You should also include a suitable rebuttal to any specific request for change that has not been made.

To assist the review process, it is essential that all corrections made to the text of the revised version and Author's Respond form (in response to both the Editor's and the reviewer's comments) are highlighted in yellow.

If you choose to revise your manuscript it will be due to the Editorial Office by March 8th, 2021.

Dear Authors,

After we have received the review report for your submission and the comments are positive. However, when we checked your manuscript, we found that its similarity index is high (37%), report attached. Therefore, before accepting your submission, we would like you to reduce the similarity index to less than 20%. We look forward to receiving the revised manuscript and sending it to the publication process.

Kind regards,

Dear Supandi Supandi, Yeni Yeni, Lusi Putri Dwita,

We have reached a decision regarding your submission to Journal of Mathematical and Fundamental Sciences, "Docking Studies and Molecular Dynamics Simulation of Compounds Contained in Kaempferia Galanga L. to Lipoygenase (LOX) for Anti-Inflammatory Drugs" (MSID: 14430).

We are pleased to inform you that your manuscript referenced above has been accepted for publication in Journal of Mathematical and Fundamental Sciences.

Next, the paper will be sent to our copy editor to improve the English writing, and then sent to the layout editor to improve the paper layout. Our publication assistant will contact you with more detailed information for this stage.

Many thanks for submitting your fine paper to Journal of Mathematical and Fundamental Sciences. We look forward to receiving additional papers from you in the future.

J.Math.Fund.Sci. <jmfs@lppm.itb.ac.id> to me, Yeni, Lusi, putridwita

Dear Supandi Supandi, Yeni Yeni, Lusi Putri Dwita,

Your submission "Docking Studies and Molecular Dynamics Simulation of Compounds Contained in Kaempferia Galanga L. to Lipoygenase (LOX) for Anti-Inflammatory Drugs" (MSID:14430) for the Journal of Mathematical and Fundamental Sciences has been through the first step of copyediting, and is available for you to review by following these steps.

1. Download the attached file.
2. Make sure to turn on the "Track Changes" feature in Ms. Word. If it is enabled already, do not disable it.
3. Review and answer queries in comments. Here is the note from the copyeditor that you need to address:
Please find attached the Copy Edit version of the article. All changes can be made visible with Track changes. Changes that need extra attention are highlighted in yellow. There were no major problems as far as I'm concerned.
4. Make any copyediting changes that would further improve the text. You may change the view to MS Word menu Review>Tracking>Change the markup option to "No Markup". Please focus the editing on the text. The format and layout will be refine after the final copyediting process.
5. Send the improved file through email to the Publication Assistant (Please change the end of the file name from "CE" to "AuthCE" to indicate the file has been edited by Author(s)).

Please note that the due date for this task will be Monday, September 6th, 2021.

This is the last opportunity to make substantial copyediting changes to the submission. The proofreading stage, which follows the preparation of the galleys, is restricted to correcting typographical and layout errors.

If you are unable to undertake this work at this time or have any questions, please contact me. Thank you for your contribution to this journal.

Kind regards,

Muhamad Abdurachman Saleh

J.Math.Fund.Sci. <jmfs@lppm.itb.ac.id> to me, Yeni, IusL_Putridwita

Dear Authors,

Your submission "Docking Studies and Molecular Dynamics Simulation of Compounds Contained in Kaempferia Galanga L. to Lipoygenase (LOX) for Anti-Inflammatory Drugs" (MSID:14430) to the Journal of Mathematical and Fundamental Sciences now needs to be proofread by following these steps.

1. Download the attached file.
2. Review thoroughly
3. Enter corrections (typographical and format) in Proofreading Corrections, the format for the correction is available below the signature. You have to highlight the manuscript with yellow highlight tools to indicate the word(s) or phrase or equation that should be fixed and put the corrections in comments.
4. More substantial changes cannot be made at this stage unless discussed with the Editor.
5. Save the notes and send the marked PDF file to the publication assistant (this email). (Please change the end of the file name from "LE" to "AuthLE" to indicate the file has been corrected by the Authors).

In this version, I have shown the line number to ease the position of where the correction should take place. The line number will be removed in the final version.

Please note that the due date for Author Proofreading will be Friday, 10-09-2021.

Thank you.
