#### Title and Abstract

Title PEMBELAJARAN MERDEKA BELAJAR DALAM PERKULIAHAN MATEMATIKA: PERSPEKTIF CALON GURU MATEMATIKA

#### Abstract

Dalam mengevaluasi sejauhmana keberhasilan program Merdeka Belajar bagi calon guru matematika, maka justifikasinya harus dilandaskan pada penelitian berbasis data ilmiah dan empirik. Tujuan utama dari penelitian ini memahami bagaimana pengalaman yang mahasiswa dapatkan, setelah penerapan Merdeka Belajar dalam perkuliahan. Metode penelitian kualitatif dipilih karena dapat memberikan deskripsi lengkap bagaimana persektif yang dikonstruksi oleh mahasiswa. Instrumen penelitian ini menggunakan instrumen dari penelitian MBKM yang sudah disediakan oleh Kementerian Pendidikan dan Kebudayaan yang dielaborasi dengan perspektif peneliti. Teknik pemilihan subjek menggunakan purposive sampling karena hanya melibatkan mahasiswa yang berpartisipasi secara aktif dalam program MBKM. Analisis data menggunakan *mapping ideas* yang dibuat berdasarkan transkripsi dan data tulisan google form yang sudah dikumpulkan untuk dijadikan kode-kode. Hasil penelitian menunjukkan bahwa mahasiswa merasakan dampak positif dalam pembelajaran berbasis MBKM dalam aspek sosial. Pengalaman yang mahasiswa dapatkan selama perkuliahan MBKM dirasakan sangat dibutuhkan khususnya yang magang dalam industri walaupun aspek kognitif yang dirasakan masih sangat jauh dari harapan karena kurangnya keterampilan pengajar di lokasi magang.

Khoerul Umam:

Thank you for submitting the manuscript, "PEMBELAJARAN MERDEKA BELAJAR DALAM PERKULIAHAN MATEMATIKA: PERSPEKTIF CALON GURU MATEMATIKA" to AKSIOMA: Jurnal Program Studi Pendidikan Matematika. With the online journal management system that we are using, you will be able to track its progress through the editorial process by logging in to the journal web site.
