ARTICLE REVIEW FORM

1. PLANNING REVIEW ARTICLES

Article Number	:	#14462
Tittle	:	Integration of the Indonesian Islamic
		Stock Index: Evidence from Developed
		and Developing Countries
Date of Manuscripts Submitted to	:	9 November 2022
Reviewer		
Expected completion date	:	25 November 2022

2. EXAMINATION OF THE COMPLETENESS OF THE ARTICLE

General Comments	·	Market integration has been addressed by many earlier researchers and this paper still need to provide further elaboration on its contribution to the existing literature. What the uniqueness of the Islamic stock market and Indonesian context that can contribute to the literature? This can be departure point to elaboration the paper's contribution. To improve the quality and contribution of this paper, the above suggestion should be considered.
Abstract	:	Good
Introduction	:	Good
Method	:	Good
Result & Discussion	:	Good
Conclusion & Suggestions	:	The explanation needs more elaboration. For example, how the findings of the study affect the behaviours of the market participants, and authority. Contribution to the study also need to be covered from the findings of the study
